## EXPERIENCE

### Calsoft, Bengaluru — *Development Engineer*

JULY 2023 - PRESENT

Utilized profound networking expertise to effectively manage BGP, OSPF, and Static Routing protocols, facilitating strategic enhancements for streamlined network operations and efficiency.

### Calsoft, Pune — *Intern*

AUG 2022 - JULY 2023

Acquired fundamental networking skills alongside Python automation basics, including configuration of routes through static and dynamic routing protocols. Currently assigned to the IP\_Infusion project.

## PROJECTS

### Organic Store — Work In Progress

Crafted a sophisticated e-commerce website employing ReactJS for dynamic front-end interface, TailwindCSS for modern styling, and Spring Boot for efficient back-end functionality. Implemented SQL for database management, ensuring seamless data handling and enhancing user experience.

### TODO List — [Github](#)

My TODO List project, driven by Spring Boot, offers a streamlined task management experience, showcasing my backend development expertise for efficient task organization.

### Walmart Sales Forecasting

This project features an exploratory analysis and our predictive model was primarily based on linear regression and predict which departments are affected with the holiday markdown events and the extent of impact.

## EDUCATION

### GIET

University, Gunupur, Odisha — *B.Tech CSE*

AUG 2019 - MAY 2023

### JITM, Balangir, Odisha — *Degree*

AUG 2017 - MAY 2019

## SKILLS

Java, C++, Javascript, ReactJS, Spring, Springboot, REST, Tailwind CSS, Data Structures And Algorithm, SQL, Hibernate, JPA, Postman

## AWARDS

The Complete Web 2023 Web Development Bootcamp

Learn Springboot3 in 100 steps

## LANGUAGES

English, Hindi, Odia

## Hobby And Interest

Reading, Cricket, Football, Anime
